FINANCIAL STATEMENTS

DECEMBER 31, 2023

Letter to Pet Lovers, Customers, and Friends:

PAWS Chicago is a national leader in the No Kill animal welfare movement and the Midwest's largest comprehensive No Kill animal welfare organization.

Our industry-leading Adoption Center, a state-of-the-art Medical Center, and the city's only remaining high-volume, low-cost spay/neuter clinic work together to address the needs of homeless and at-risk pets citywide. PAWS Chicago's lifesaving programs impact around 4,500 homeless pets and 17,500 additional pets from under-resourced communities who receive free and low-cost spay/neuter surgeries, medical care, and other support, including a Pet Food Pantry that distributed nearly 55,000 pounds of pet food in 2023.

PAWS Chicago's programs implement solutions to build No Kill communities, end pet overpopulation, and transform animal welfare, setting higher standards that are used as a model by other organizations. Since PAWS Chicago's founding in 1997, the number of pets killed each year in Chicago has been reduced by over 90%. PAWS Chicago also saves at-risk animals from high-kill states and supports animals impacted by natural disasters, such as the devastating tornados that ripped across the Midwest and Mid-Atlantic states in April 2023.

In summary, 2023 results include: 16,587 free and low-cost spay/neuter surgeries, including 2,428 Trap-Neuter-Return spay/neuter surgeries for feral cats; 4,561 adoptions of homeless animals into new, loving families; a 98.62% save rate even while serving extremely vulnerable populations; 716 special surgeries; 39,432 free and low-cost vaccinations; 54,989 pounds of pet food distributed through our Pet Food Pantry; 1,921 homeless animals placed in foster care; 106,221 hours worked by volunteers (the equivalent of 51 full-time employees); and Charity Navigator's highest 4-star rating consecutively since 2003. All of PAWS Chicago's programs work toward building No Kill communities through the comprehensive No Kill Model. The foundation of the No Kill Model is Community Engagement. Atop this foundation are PAWS Chicago's mission-critical programs—the pillars of Prevention, Animal Health & Behavior, Adoption, and Volunteers. Detailed program information follows.

Animal Health & Behavior

PAWS Chicago's commitment to saving each treatable pet and providing all the medical treatment and behavioral enrichment needed to optimize health and wellbeing are two of the most critical elements of the No Kill Model. Due to our expert veterinary and behavior teams, PAWS Chicago is one of the few shelters in the country that can treat and rehabilitate a large volume of sick and injured animals, or those with behavioral needs.

In addition to performing 16,587 spay/neuter procedures, veterinary surgeons performed 716 advanced surgeries addressing orthopedic trauma and disorders, dental degeneration, hernia repair, mass removal, and other medical needs.

The PAWS Chicago Nan & Wayne Kocourek Medical Center is the first stop for homeless animals when they arrive at PAWS, and its world-class veterinary team treats cases on-site. In 2023, 38% of all transfers to rescues out of Chicago Animal Care and Control, the city impoundment facility, came to PAWS Chicago, including critical, time-sensitive, and at-risk of euthanasia cases.

A robust foster network cares for pets when they are stable and ready to recover in a home environment; 1,921 animals stayed in foster care in 2023.

The PAWS Chicago Training Center has numerous full- and part-time trainers who lead an innovative dog training and enrichment program for PAWS Chicago's homeless animals, PAWS adopters, and members of the public. For PAWS homeless pets, a team of behavior professionals and trained volunteers provide abused, neglected, and under-socialized animals with one-on-one and group training as well as behavior enrichment to help them build confidence and communication, which leads to successful adoptions.

Prevention: The Spay/Neuter Solution

PAWS Chicago is the only remaining local provider of high-volume, low-cost spay/neuter surgeries, performing 16,587 in 2023. The majority of stray, feral, and unwanted pets originate in under-resourced communities. Through the PAWS Chicago Lurie Spay/Neuter Clinic in Little Village, located less than two miles from Chicago Animal Care and Control, PAWS offers spay/neuter services where they are needed most and where they make the most impact. In 2023, PAWS Chicago surpassed the milestone of 300,000 free and low-cost spay/neuter surgeries since the Lurie Clinic's opening in 2000, which has changed the landscape of pet homelessness citywide.

Preventing unwanted pets from being born is key to building a No Kill Chicago. A single female cat and her offspring can theoretically produce 420,000 kittens in seven years. For dogs, the number is 96,000. Spay/neuter surgeries are the solution to pet overpopulation and, as such, are at the core of PAWS prevention initiatives.

As an ancillary service to the Lurie Clinic, PAWS Chicago launched PAWS Community Outreach programming in 2014. Community Outreach staff and volunteers work to expand access to spay/neuter and essential pet resources in Chicago's most underserved communities.

Since launching in 2014, the primary neighborhood of focus has been Englewood, where more than 49% of the population lives below the poverty line. In recent years, PAWS has expanded services to include nearby West Englewood, Woodlawn, and Back of the Yards. Community Outreach programs serve as an animal welfare anchor through which PAWS provides even more preventative resources beyond free spay/neuter and transportation, such as vaccinations and microchipping. Additionally, PAWS has introduced a Community Medicine program that provides free veterinary care to sick, injured, and suffering pets who would otherwise never see a veterinarian.

PAWS Chicago's feral cat Trap-Neuter-Return (TNR) program is another critical aspect of the Prevention pillar. By proactively sterilizing and managing the free-roaming cat population, the source of thousands of unwanted

kittens born each year, TNR reduces the number of animals entering the shelter system while also saving kittens and finding them adoptive homes. In 2023, PAWS performed 2,428 spay/neuter surgeries on feral cats. These prevention efforts are critical to ending the killing of homeless pets. There has been a 90.2% reduction in the killing of homeless pets in Chicago since 1997, and two-thirds of this reduction is the result of fewer pets entering shelters.

Adoption

Rescuing homeless pets and uniting them with their new families connects the public with the plight of homeless pets on the deepest level. Through PAWS Chicago's Adoption Center and innovative programming, PAWS united 4,561 animals with loving homes in 2023.

Using PAWS Chicago's proprietary ComPETibility Quiz, PAWS uses technology to match pets with prospective adopters based on their lifestyle needs, ensuring a lasting commitment. Our trainers offer on-site support and advice, conducting resident pet introductions and ensuring a smooth transition into the home. Our volunteers offer detailed adoption counseling and follow-up support.

Community Engagement

Community Engagement is the foundation for creating lasting change for animals, and it is the basis upon which all of PAWS Chicago's programs are built. People created the pet overpopulation problem and people have the power to solve it; animals are the voiceless victims. The way to inspire and create real change for animals is to mobilize people to be their caretakers and advocates and provide needed support in underresourced communities.

When PAWS Chicago was founded in 1997, the mass killing of homeless pets was a hidden crisis. The public had no idea that more than 42,000 homeless cats and dogs would be euthanized in the city of Chicago that year. PAWS Chicago was founded to bring attention to the plight of these vulnerable animals and to mobilize public support to develop humane solutions and build No Kill communities.

Shining a light on pet overpopulation and homelessness—and the resultant killing—has mobilized tens of thousands of people to get involved in the cause by adopting, fostering, volunteering, advocating for, and donating to homeless pets.

With its No Kill Model which can be replicated and scaled in any community, PAWS Chicago is leading a movement that ripples throughout the country. Every year, PAWS Chicago welcomes shelters, rescue groups, and individuals nationwide to shadow its operations. PAWS Chicago also helps start-up adoption/rescue groups and spay/neuter clinics around the world. In Chicago, PAWS helps the city's rescue groups and shelters by providing low-cost medical services at the Lurie Clinic and by increasing exposure of their homeless animals through Angels with Tails adoption events.

By raising awareness about pet homelessness and engaging people in lifesaving efforts, PAWS Chicago makes lasting change for animals.

Volunteers

Volunteers are the life force behind PAWS Chicago's operations and are an essential ingredient to building a No Kill Chicago. In 2023, volunteers dedicated 106,221 hours of service, the equivalent of 51 full-time employees.

And that does not include the hours put in by foster families who took in and cared for 1,921 animals in need in 2023. In addition to the time volunteers commit to PAWS Chicago, they are also ambassadors, reaching new people and engaging new communities in the cause of homeless animals through their everyday interactions.

Animal welfare is incredibly labor-intensive work, and volunteers work alongside PAWS staff to amplify lifesaving. From shepherding the adoption process to attending to the needs of sick pets at the Medical Center to manning our off-site adoption and community events, volunteers support the work of every department.

Only through volunteers is PAWS Chicago able to execute all elements of the comprehensive No Kill Model and advance the mission of building No Kill communities.

Sincerely,

Founder and Executive Chair

Paula Fameas

REPORT OF INDEPENDENT AUDITORS

To the Board of Directors of PAWS Chicago

Opinion

We have audited the accompanying financial statements of PAWS Chicago (the Organization), which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities, of functional expenses and of cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of PAWS Chicago as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or, in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1. DESCRIPTION OF THE ORGANIZATION

The mission of PAWS Chicago (the Organization) is to build No Kill communities, ending pet overpopulation and transforming animal welfare by setting higher standards. Since the Organization's founding in 1997, the number of pets killed each year in Chicago has been significantly reduced. The Organization operates adoption centers, a medical center, and a training center along with a robust network of foster homes to provide treatment, medical care and enrichment for homeless cats and dogs until they can be adopted into loving homes.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments - Credit Losses* (Topic 326), which is effective for the year ended December 31, 2023. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material effect on the financial statements.

Basis of Presentation - In order to conform to provisions of generally accepted accounting principles, the Organization, as a not-for-profit entity, is required to report information regarding its financial position and activities in two classes of net assets: without donor restrictions and with donor restrictions.

Net Assets without Donor Restrictions - Net assets that are not subject to donor-imposed restrictions and available to finance the general operations of the Organization. The only limits on the use of net assets without donor restriction are the broad limits resulting from the nature of the Organization, the environment in which it operates, and the purposes specified in its articles of incorporation.

Board Designated Net Assets - Board designated net assets are net assets without donor restrictions designated by the Board for various activities. These designations are based on Board actions, which can be altered or revoked at a future time by the Board. At December 31, 2023 and 2022, the Organizations had net assets of \$50,865,473 and \$36,617,872 respectively, designated for projects of their choosing.

Net Assets with Donor Restrictions - Net assets subject to donor or grantor imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Promises to Give - Unconditional promises to give are recognized as assets and revenue in the period the promise is received. Promises to give are recorded at net realizable value if expected to be collected in the current year at fair value, which is measured at the present value of their estimated future cash flows, if expected to be collected in more than one year. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the year in which the promises are received. Amortization of the discounts is included in contribution income. Conditional promises to give are recognized when the conditions on which they depend are substantially met. The Organization uses the allowance method to determine uncollectible promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made.

Inventories - Inventories are stated at the lower of cost (determined on a first-in, first-out basis) or net realizable value.

Property and Equipment - Property and equipment are carried at cost. Property and equipment purchases in excess of \$1,000 and more than two years of estimated useful life are capitalized by the Organization. Donated property and equipment are recorded at fair market value at the date of acquisition. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as contributions with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the restriction is considered to have expired when the assets are placed in service. The Organization reclassifies the net assets with donor restrictions to net assets without donor restrictions at that time.

Major additions are capitalized while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed currently. Depreciation is computed by the straight-line method over the following estimated useful lives of the related assets:

Buildings	5 years
Leasehold improvements	5 years
Furniture fixtures and improvements	2 - 20 years
Equipment	5 - 10 years
Computer equipment	3 - 10 years
Software	3 - 7 years
Vehicles	5 - 10 years

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of the investments are reflected on a trade-date basis. Realized and unrealized gains and losses are included in the change in net assets in the accompanying statements of activities. Interest income is recorded on the accrual basis.

Donated securities are recorded at market value on the date received or at a nominal value when the market value is not readily determinable.

Revenue Recognition - The Organization receives a significant portion of its operating revenue from contributions, adoptions centers, spay/neuter clinic, training center, special events, and services in-kind. Contributions received are recorded in various categories including grants and contributions; foundations, fellowships and others.

Adoption Centers - PAWS Chicago receives revenue from the adoption of a cat or dog from one of their adoption centers. Customers pay PAWS at the time of the adoption which completes the transaction. Adoption fees vary depending on the type of animal, age of the animal and promotional opportunities offered by PAWS. Adoption revenue is recognized the day of the adoption of the animal.

Training Centers - PAWS receives revenue from individuals who enroll in one of their various training programs. Customers enroll in a training program and pay a fee to PAWS for the services to be provided by the training course. Fees can vary depending on the type of training offered and the length of the training program. Training revenue is recognized when the training program is completed.

Spay/Neuter Clinic - PAWS receives revenue from individuals who bring in their cat/dog for a spay/neuter service. Customers pay PAWS after completion of the procedure which completes the transaction. Spay/neuter fees vary depending on the length of the operation and medical services needed to complete the operation. spay/neuter clinic revenue is recognized when the spay/neuter operation is completed.

Special Events - PAWS receives revenue from individuals who purchase tickets for special events held throughout the year. Attendees of the event will also contribute through participating in auctions and paddle raises (Bid to Save Lives). Ticket prices for the event vary depending on the event. The Organization records special events revenue equal to the fair value of direct benefits to donors, and contribution income for the excess received when the event takes place.

General Contributions - The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. As such, until the conditions are met, any unexpended conditional grant funds received are recorded as deferred revenue. At December 31, 2023 and 2022, there were no conditional contributions.

Unconditional contributions received are recorded as with donor restriction or without donor restriction depending on the existence and/or nature of any donor restrictions. Donor-restricted support is reported as an increase in net assets with donor restrictions depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), with donor restriction net assets are reclassified to without donor restriction and reported in the statements of activities as net assets released from restrictions. Investment income and realized and unrealized gains and losses resulting from contributions are reported as with donor restriction or without donor restriction, as directed by the donor.

Contributions - In-kind - The Organization received various forms of gifts-in-kind including animal food, auction, and giveaway items for special events. Contributed goods are recorded as contributions at their estimated fair market value at the date of donation. Gifts-in-kind are valued based upon estimates of fair market that would be received for selling the goods in their principal markets. During the years ended December 31, 2023 and 2022, the Organization received \$1,210,534 and \$1,150,076 in contributed goods, respectively, and was not considered to be restricted. Animal food received was used at the medical center and adoption centers to feed the animals which represents \$807,011 and \$632,270 of gift-in-kind for the years ended December 31, 2023 and 2022, respectively. Contributed goods are used at auctions or as giveaways to donors during special events which represents \$403,523 and \$526,806 of gift-in-kind for the years ended December 31, 2023 and 2022, respectively. No contributed gifts-in-kind remain at year end.

Functional Expenses - The cost of providing various program and supporting services have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The allocated expenses are allocated based on a square footage basis or on estimates of time and effort.

Deferred Revenue - Revenue collected for program service fees are recognized when the services are performed. Revenue collected for program service fees of the succeeding year are classified as deferred revenue. Deferred revenue totaled \$458,422, \$317,182, and \$179,958 at December 31, 2023, December 31, 2022 and December 31, 2021, respectively.

Advertising - The Organization recognizes advertising expenditures as they are incurred. Advertising expense totaled \$100,652 and \$55,418 for the years ended December 31, 2023 and 2022, respectively.

Reclassifications - Certain reclassifications have been made to prior year amounts to conform to the current year presentation.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through November 12, 2024, which is the date the financial statements were available to be issued.

NOTE 3. TAX STATUS

PAWS Chicago is an organization described in Section 501(c)(3) of the Internal Revenue Code and thus is generally exempt from federal income tax.

Accounting principles generally accepted in the United States of America require the Organization to evaluate tax positions taken and recognize a tax liability if the Organization has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditure within one year at December 31, 2023 and 2022 comprise the following. Due to the nature of restrictions from contributions received from donors, the Organization has omitted all restricted contributions. General expenditures consist of amounts paid in relation rescue and recovery, spay/neuter clinic, adoption centers, community outreach, volunteer and community development programs.

	<u>2023</u>		<u>2022</u>
Total assets	\$ 124,506,436	\$	99,760,309
Less nonfinancial assets			
Inventories	(141,740)		(129,644)
Prepaid expenses and other assets	(233,312)		(279,282)
Property and equipment, net	(18,588,833)		(19,331,462)
Unconditional promises to give - greater than a year	(2,363,717)		(387,385)
	 (21,327,602)		(20,127,773)
Financial assets	 103,178,834		79,632,536
Less assets not available for general expenditures			
within one year due to:			
Contractual or donor imposed restrictions			
Restrictions that are perpetual in nature	37,350,649		23,418,214
Purpose restricted	732,599		1,156,551
Board designations set aside for liquidity needs that exceed one year	 50,865,473	_	36,617,872
	 88,948,721	_	61,192,637
Financial assets available to meet cash needs			
for general expenditures within one year	\$ 14,230,113	\$	18,439,899

As a part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. To help manage unanticipated liquidity needs, the Organization has a board designated endowment as noted above. Although the Organization does not intend to spend from its board designated endowment, amounts could be made available if necessary.

NOTE 5. CONCENTRATION OF CREDIT RISK

Cash consists of monies held in checking and savings accounts and highly liquid interest-bearing accounts without significant withdrawal restrictions. The Organization maintains its cash balances in financial institutions deemed to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 per financial institution. Balances may at times exceed insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

NOTE 6. INVESTMENTS

Investments at fair value are comprised of the following at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Money market funds	\$ 11,991,737	\$ 5,017,893
Mutual funds	61,613,670	50,072,060
Common Stocks	18,626,884	13,451,176
Real estate	736,500	723,000
Total investments	\$ 92,968,791	\$ 69,264,129

Investment income (loss) for the years ended December 31, 2023 and 2022 is as follows:

		<u>2023</u>		<u>2022</u>
Interest and dividend income	\$	1,862,931	\$	1,801,139
Realized gain		777,968		294,444
Unrealized gain (loss)		12,735,128	((17,994,542)
Investment expenses	_	(45,926)		(53,193)
Total investment income (loss)	\$	15,330,101	\$	(15,952,152)

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect net assets and the amounts reported in the statement of activities.

NOTE 7. FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Organization's investment assets at fair value as of December 31, 2023 and 2022. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Measurements

The fair values of mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value as of the last business day of each period presented.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 Measurements

Money market funds are carried at cost which approximates market value.

NOTE 7. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Measurements

The Organizations real estate property is a house located in Beverly Shores, Indiana and is valued at estimated fair value by an independent source. The latest value reviewed was December 31, 2023.

The following table represents qualitative information about the significant unobservable inputs used in the fair value measurement of the real estate property as of December 31, 2022. Significant changes in any of the inputs in isolation would result in significant change in fair value measurement.

Valuation Technique	Unobservable Inputs	Rate
Sales comparison	Sales of similar properties	Price per square foot

There was a \$13,500 increase in the fair value of the real estate property for the year ended December 31, 2023. Subsequent to year-end, the property was sold for \$1,100,000.

NOTE 8. UNCONDITIONAL PROMISES TO GIVE

Unconditional promises to give have been received in support of the spay/neuter clinic, the adoption center, and the endowment fund. Carrying value of unconditional promises to give is determined by calculating the present values of estimated future pledge payments expected to be received, over the expected term of the agreements, using a risk-adjusted discount rate of 3.25% at December 31, 2023 and 2022.

Unconditional promises to give include the following:

	<u>2023</u>	<u>2022</u>
Promises to give beginning of year	\$ 1,369,267	\$ 1,982,479
Amount pledged during the year	8,009,039	330,000
Amount collected during the year	(3,121,264)	(564,852)
Pledges written off	(75,248)	(378,360)
Promises to give end of year	6,181,794	1,369,267
Less:		
Discounts to present value	(221,079)	(40,349)
Allowance for doubtful promises	(70,000)	(70,000)
Net promises to give	\$ 5,890,715	\$ 1,258,918
	<u>2023</u>	<u>2022</u>
Less than one year	\$ 3,818,077	\$ 981,882
One to five years	2,363,717	387,385
	\$ 6,181,794	\$ 1,369,267

NOTE 9. PROPERTY AND EQUIPMENT

Property and equipment at December 31, 2023 and 2022 consisted of the following:

	<u>2023</u>	<u>2022</u>
Land	\$ 3,874,619	\$ 3,874,619
Buildings	18,571,513	18,514,874
Leasehold Improvements	183,725	183,725
Furniture fixtures and improvements	2,045,302	2,045,301
Equipment	1,089,261	1,077,096
Computer equipment	598,906	505,313
Software	321,888	283,233
Vehicles	550,556	550,556
	27,235,770	27,034,717
Less accumulated depreciation	(8,646,937)	(7,703,255)
Total	\$ 18,588,833	\$ 19,331,462

Depreciation expense for the years ended December 31, 2023 and 2022 was \$943,681 and \$954,222 respectively.

Subsequent to year end, PAWS Chicago entered into a contingent contract to purchase a 20-acre property in Hawthorn Woods for a Suburban Adoption Center.

NOTE 10. NET ASSETS WITH DONOR RESTRICTIONS

The Organization has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization retains in perpetuity (a) the original value of gifts, and (b) the original value of subsequent gifts, and (c) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the organization
- (7) The investment policies of the organization

NOTE 10. NET ASSETS WITH DONOR RESTRICTIONS (CONTINUED)

The Organization has adopted investment and spending policies that accept prudent levels of short and long-term volatility consistent with the near-term cash flow needs, funding level, and long-term liability structure of the investment portfolio. To achieve long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends).

The Organization targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints. The Organization appropriates for expenditure all of the investment income of the funds. This is consistent with the objective to provide income for its programs, preserve endowment assets without subjecting them to substantial risk, and provide additional real growth through new gifts.

Changes in net assets with donor restrictions as of December 31, 2023 and 2022 were as follows:

		Decei	mber 31, 2023	
	Perpetual		Purpose	
	in Nature		Restricted	<u>Total</u>
Beginning of year	\$ 23,418,214	\$	1,156,551	\$ 24,574,765
Contributions	8,107,908		210,500	8,318,408
Investment gain	5,594,986		-	5,594,986
Change in donor intent	229,541		(229,541)	-
Appropriated for expenditure	 		(404,911)	(404,911)
End of year	\$ 37,350,649	\$	732,599	\$ 38,083,248
		Decei	mber 31, 2022	
	Perpetual		Purpose	
	in Nature	:	Restricted	<u>Total</u>
Beginning of year	\$ 26,573,216	\$	3,435,797	\$ 30,009,013
Contributions	2,864,539		375,002	3,239,541
Investment (loss)	(6,019,541)		-	(6,019,541)
Appropriated for expenditure	 		(2,654,248)	(2,654,248)
End of year	\$ 23,418,214	\$	1,156,551	\$ 24,574,765

NOTE 10. NET ASSETS WITH DONOR RESTRICTIONS (CONTINUED)

Donor-Restricted - Perpetual in Nature

The Organization's net assets with donor restrictions include seven donor-restricted endowment funds. Contributions to the endowment fund are subject to donor restrictions that stipulate the original principle of the gift to be held and invested by the Organization indefinitely, and income from the fund is to be expended for program services. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The donor restricted endowment fund's perpetuity balance was \$26,601,349 and \$18,263,900, as of December 31, 2023 and 2022, respectively. Following is a summary of funds that have restrictions that are perpetual in nature as of December 31:

	<u>2023</u>	<u>2022</u>
Free-spay/neuter program	\$ 1,977,887	\$ 1,718,912
Lincoln-Park Adoption Center	21,104,316	16,047,300
Medial assistance for dogs with treatable illness	803,174	698,010
Medical Center Campaign Fund Endowment	7,924,226	498,176
Medical treatment of animals under 6 months old	291,152	253,030
Medical treatment of kittens	1,285,077	1,116,815
General endowment	3,964,817	3,085,971
Total	\$ 37,350,649	\$ 23,418,214

When donors amend or clarify intent for applicable gifts and contributions reported in a previous fiscal year, revisions are separately reflected as donor designated changes within the statements of activities.

NOTE 10. NET ASSETS WITH DONOR RESTRICTIONS (CONTINUED)

Donor-Restricted - Purpose Restricted

Following is a summary of the activity in purpose restricted net assets for the years ended December 31, 2023 and 2022:

		20)23	
	Beginning		Assets	Ending
	<u>Balance</u>	Additions	Released	<u>Balance</u>
Adoption program	\$ 242,500	\$ -	\$ 150,000	\$ 92,500

Other timing restrictions	178,565	220,000	258,265	140,300
Total	\$ 3,435,797	\$ 375,002	\$ 2,654,248	\$ 1,156,551

NOTE 11. BOARD-DESIGNATED ENDOWMENTS

The Board of Directors has designated a portion of net assets without donor restrictions as a general endowment fund to support the mission of the Organization. Since this resulted from an internal designation and is not donor-restricted, it is classified and reported as net assets without donor restrictions. The Organization determines annually any allocation of contributions, investment income, and gains or losses from investments, as well as any appropriation of its board-designated endowments for expenditure. There were no appropriations during the years ended December 31, 2023 and 2022.

Composition of and changes in board-designated endowment net assets for the years ended December 31, 2023 and 2022 were as follows:

	<u>2023</u>	<u>2022</u>
Beginning designated balance	\$ 36,617,872	\$ 43,740,640
Net appreciation (depreciation) on investments	9,735,115	(9,932,611)
Contributions	4,512,486	2,809,843
Ending designated balance	\$ 50,865,473	\$ 36,617,872

NOTE 12. EMPLOYEE BENEFIT PLAN

In 2022, the Organization began maintaining a 403(b) Plan covering substantially all employees that have completed the service requirement. Employer contributions to the Plan are discretionary. For the year ended December 31, 2023 and 2022, the employer match contribution was \$87,679 and \$86,301, respectively, equal to 50% of the participant's deferral, up to 3% of the participant's annual compensation. The employer match is contributed every pay period.

NOTE 13. GAIN ON DEBT EXTINGUISHMENT

In February 2021, the Organization received loan proceeds in the amount of \$1,116,955 under PPP. PPP was established as a part of the CARES Act. It provided for loans to qualifying organizations for amounts of up to 2.5 times of the average monthly payroll expenses of the qualifying organization. The loans and accrued interest at 1% are forgivable between eight and twenty-four weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels.

The Organization obtained forgiveness during 2022 for the second loan installment. When the loan was forgiven in 2022, the debt and accrued interest were reduced to zero and a gain on debt extinguishment was recorded in the statements of activities and the full amount was recognized as revenue during the years ended December 31, 2022.

NOTE 14. COMMITMENTS AND CONTINGENCIES

The Organization has entered into contracts for services for events. These contracts may include penalty clauses, which would require the Organization to pay certain amounts if the event was to be canceled.

NOTE 15. LITIGATION

The Organization is subject to claims and legal actions that arise in the ordinary course of business. In the opinion of management, the outcome of these matters will not have a material effect on the Organization's financial position.

NOTE 16. SPECIAL EVENTS

The Organization held multiple fundraisers benefitting the general operations of the Organization during the years ended December 31, 2023 and 2022. Net special events for the years ended December 31, 2023 and 2022 consisted of the following:

	<u>2023</u>	<u>2022</u>
Contributions/sponsorships	\$ 3,771,537	\$ 4,345,255
Ticket sales	262,965	344,664
Total event expenses	(711,874)	(504,750)
Net special events revenue	\$ 3,322,628	\$ 4,185,169

NOTE 17. MAJOR CONTRIBUTOR

For the year ended December 31, 2023, one major contributor accounted for 21% of total contribution revenue to the Organization. There were no major contributors noted for the year ended December 31, 2022. Subsequent to year end, PAWS Chicago received a major contribution of \$3.7M with no donor restrictions.
